

United Methodist Home for Children

Building OUR CHILDREN'S FUTURE MORE QUESTIONS & ANSWERS FOR CHURCHES

We know you are constructing new buildings to improve your services for today's children, but what will happen to the old buildings?

The four original limestone cottages have served as "home" to thousands of children throughout the years. They represent our history. And while they no longer meet the needs of the types of children we serve in modern-day residential care, our plan is to work with other human service agencies to provide new programs—such as residential services for disadvantaged folks—in the existing cottages.

We are very interested in the campaign and would like to discuss this further at our church council. When are the pledge forms due at the Children's Home? We respectfully request every church in our Conference prayerfully participate in this campaign. The need is so great. We kindly request all pledge forms be returned to the Children's Home by December 31, 2010. If you have any questions, please call the Capital Campaign Office at 717.766.7652 x 317 for more information.

Please explain your campaign tithe contribution to the Louisiana United Methodist Children's Home.

Ten percent of every Capital Campaign contribution we receive from all United Methodist Church congregations only, (following expenses, written on church checks, and signed by the designated church representative) will be donated to the Louisiana United Methodist Children's Home. These funds will be used to help rebuild following Hurricane Katrina.
